WARRANTY OF ENGINE OVERHAULED

S/N

All Tropic Airpower engine overhauls are to new limits, are test run at completion and are expected to give reliable service and value for the end customer.

Tropic Airpower warrants its engine overhauls for a period of ONE Year or 500 hours, whichever comes first against defects in workmanship, materials or parts. If a situation arises, At Tropic Airpower's discretion the Part or workmanship will be corrected via Tropic Airpower. This includes all Accessories installed on the engine by Tropic Airpower.

ABUSE, NEGLECT OR ACTS OF NATURE WILL NOT BE HONORED. Customer is responsible for operating the engine as per the engine manufacture's operating handbook unless specified otherwise by Tropic Airpower or its vendors in writing.

This warranty presumes that the aircraft will be operated in a normal use category.

Tropic Airpower is not responsible for improper Installation or damaged incurred from shipping or installation of the engine.

Any work to be considered warranty is to be pre-approved BEFORE work begins. Tropic Airpower is to be notified immediately and updated timely if warranty work is implied.
